Letter No.860 dated 29th: January 1902 from the President, Distt: Fund Board, Bangalore, submitting the revised Budget estimates of the Distt: Funds of the Bangalore Local Funds Circle for 1901-1902.

ORDER THEREON NO 1957-59 L.F.1-1901 24/6/02

The modifications proposed in the above are given hereunder :-

	As already sanctd:	As now proposed.
1.Opening balance-------	36485	30600

EXPENDITURE.

A.Public Works		
i. Original----------	3300	8403
ii.Repairs----------	33200	33480
iii.Establishment-------	6387	6455
B. Public Works		
Incomplete works-----	0	11526
i. Original works-----	0	2500
iii.Establishments------	0	1350
C.-Civil charges		
1.Office establishment----------	2000	1500
V.Sweepers for Travellers Bungalos---	1809	1869
VI.Conservancy & Sanitary charges---	1144	1156
IX.Contributions------	4000	3000

2. Opening balance. The proposed figure (Rs.30600) entered under this head in accordance with the preliminary accounts of the Comptroller for 1900-01 will be raised to Rs. 32346, which is the correct actual balance

balance on 1st: July 1901 according to Comptroller's ~~actual~~ final accounts received in this office for the year 1900-1901.

3. A.Public Works to be executed by the D.P.W. Out of the increase of Rs. 3103 proposed under the head " 1.Original works " the sum of Rs.3063 pertains to contribution payable to the D.P.W. for widening the bunds of the Arlamallige Tank in the Dodbullapur Taluk, and of the Mallurpatna Tank in the Chennapatna Taluk, which are situated on D.F.Roads and for which provision was ordered to be made in the present budget in Pro: No: 11737/L.F.39-99 dated 16th: January 1902, and Rs.2040 is on account of the following works' :-

1.	Reconstructing a tunnel on Hoskote Kadgodi Anekal Railway feeder----------	Rs. 190
2.	Do at cross road at Dodbullapur----------	" 200
3.	Constructing a tunnel of 7 vents on Bangalore Nandidrug road----------	" 1650
		2040

It is presumed that the last work is in that portion of the road which is being maintained from the District Funds

The necessity for the increase of Rs.280 proposed under"ii Repairs" should have been explained. These provisions are allowed to stand as proposed and the estimate under " iii. Establishments " will be raised to Rs.7329, which correctly represents 17½ per cent on

the

the increased provision for works.

4. B.Public Works to be executed by Revenue Department. The supplemental grants for works under this head, for which no details have been furnished, will be retained subject to the early submission of individual lists of works for which they are provided and the provision for Establishments will also be slightly raised to Rs.1402 so as to correctly represent 10 per cent on the cost of works.

6.C Civil charges. 1.Office Establishment. A decrease of Rs.500 is proposed under this head. The figure in the budget of 1900-01 was 1800; the first budget provided 2000 Rs. for 1901-02 but the details of expenditure were not supplied. They were called for by the order sanctioning this budget; but neither that information nor explanation for the present decrease has been supplied. It is presumed that Rs.1500 would be sufficient and the decrease is admitted. The explanation however should be duly furnished without delay.

6.V Sweepers for 3rd: class Travellers' Bungalows. The provisions made for a moiety of the pay of the watch-er for the conservancy of Ramanna's

pond

pond at Dodbullapur sanctioned in Pro: No: 781-82/L.F.1-01 dated 15th: July 1901 as also for the increase of pay to the caretaker and contingencies of the Musafirkhana at Dodbullapur sanctioned in Pro: No: 2967-8/L.F.9-94 dated 17th: August 1901 account for the increase under this head. This is approved, but the former item of Rs.36 will be transferred to the appropriate head "VI Conservancy and Sanitary charges" the provision under this head being reduced accordingly.

7. VI Conservancy and Sanitary charges.

The authority under which an increase of Rs.12 is provided under this head for the sweeper of Devarahosahalli has not been correctly cited the Pro: No; 2094-5/L.F.131-94 dated 11th: August 1896, quoted, referring to a different matter- the employment of 3 sweepers for the village of Malur. For want of proper authority, this item will be disallowed, and the total estimate under this head altered to Rs.1180 with reference to the modifications ordered in this and the foregoing paras.

8. The revised Budget estimates of the Bangalore Circle for 1901-02 are sanctioned as per details given in the statements appended, the result being as follows :-

i. Actual balance on
Ist: July 1901----32346
ii. Estimated receipts for
1901-1902-----72075
Total including balance---Rs.104421

EXPENDITURE.

i. A.P.W. to be executedby D.P.W.--------Rs.49467 ii.B--do--do--by revenue departt:15428 iii. C.Civil charges------1830	}	82725
iv. Estimated closing balance----------21696		

9. Government regret to observe that the revised Budget estimates have not been correctly prepared and explanation for each item of increase has not been furnished as required by standing orders. The President is requested to see that greater care is bestowed on the preparation of such statements in future.
